G R INFRAPROJECTS LIMITED

G R Infraprojects Limited (GRIL) is one of the fastest growing organizations in the Indian infrastructure sector, with over three decades of legacy. Our primary business operations are broadly segmented into four categories: -

- Engineering Procurement and Construction (EPC) and Project Management services for Roads & Highways, Bridges, Airport Runway, Railways & Metro, Hydro & Tunneling, Power Transmission & Distribution, Ropeways, Logistics Infrastructure, Telecom & IT Infrastructure.
- Development, operations and maintenance of Infrastructure projects under BOT, HAM, BOOT, and DBFOT models, in Highways, Power Transmission & Distribution, Ropeways and Logistics sectors.
- In-house manufacturing of Bitumen Emulsions, Construction Chemicals, Fibre Composites, GFRP Rebar, Diesel Exhaust Fluid (GR8DEF), Electrical Panels & Cabinets, Thermoplastic Paint and Road Signages.
- Fabrication of galvanized Metal Crash Barriers, Noise Barriers, Transmission Line Towers (TLT), OHE Mast, Poles & Solar Mounted Structures.

"Guided by strong values and a forward-looking mindset, we continue to evolve as an organisation. Our people, purpose, and belief in responsible growth drive us to contribute meaningfully to India's progress."

- AJENDRA KUMAR AGARWAL
Managing Director

"Our values, people, and execution capabilities have been the cornerstones of our success. We continue to grow and expand into new segments with nation building and social responsibility at the heart of our ideology."

- VINOD KUMAR AGARWAL
Chairman Emeritus

VISION

To leave **Indian footprints in global infrastructure industry** backed by world-class performance and operational excellence.

To build its position among **the most admired infrastructure companies** in India.

Become a **best-in-class service provider globally**.

MISSION

Maintain high standards of **precision, quality and punctuality**.

Preserving nature and enriching life of public at large.

Setting new benchmarks of resource utilization and efficiency.

Focus on being a **socially responsible** organization.

VALUES

Care and Commitment – We have an unwavering focus on the well-being of our employees and stakeholders.

Being Responsible – We deliver quality, safety, and trust in all our endeavors.

Connected to Roots – Being humble in our intellect and interactions is a way of our life.

Being agile – We adapt quickly, and we adapt well

BUSINESSES

TRANSPORTATION INFRASTRUCTURE

Integrated end-to-end solutions across highways, bridges, railways and metro. With decades of proven expertise in EPC, BOT and HAM models, our strong project execution, advanced engineering capabilities and commitment to innovation enable us to deliver sustainable, efficient and future-ready transportation networks of utmost quality.

HIGHWAYS & BRIDGES

Design, construction and development of highways, bridges, flyovers, tunnels, airport runways and rail over-bridges across diverse terrains, including high-traffic urban areas and hilly regions.

RAILWAYS

Integrated turnkey solutions for railway infrastructure, including civil development (earthworks, bridges, stations), new track laying and rehabilitation, electrification and power systems and signaling & telecommunication.

METRO

Comprehensive construction solutions for metro projects, leveraging advanced project execution capabilities. Expertise spans elevated and underground systems, stations, tunnels, track laying, and metro-specific infrastructure.

HYDRO & TUNNELLING

Execution of large-scale hydro and tunnelling projects across challenging terrains, including the Northeast Himalayas and other hilly regions of India. A self-performing approach, advanced equipments, and strong project management ensure safe, precise, and timely delivery of complex underground works.

POWER TRANSMISSION AND DISTRIBUTION

End-to-end solutions across power transmission and distribution, covering in-house design, engineering, procurement, fabrication, erection, installation, and commissioning of transmission lines and substations. Our services also includes distribution works and operations & maintenance, delivered in line with contractual requirements.

ROPEWAY

Development and execution of ropeway infrastructure projects driven by precision and quality. The objective is to build a world-class ropeway development platform through consistent on-time delivery, engineering excellence, and strong alignment with global ESG standards.

LOGISTICS INFRASTRUCTURE

Developing logistics infrastructure through integrated road-rail solutions that enhance cargo efficiency and support India's growing trade needs is a key focus for GRIL. We leverage our nationwide execution experience, strong project management, advanced technology, and skilled workforce to build future-ready platforms and capture emerging opportunities in the logistics sector.

TELECOM & IT INFRASTRUCTURE

Strengthening India's digital backbone through seamless, high-speed connectivity, delivering end-to-end telecom solutions including fiber rollout, FTTH deployment, operations & maintenance. Our future-ready approach supports BharatNet, Smart Cities, and 5G rollout, enabling sustainable and connected communities.

MANUFACTURING & FABRICATION

The company operates five state-of-the-art manufacturing facilities across Udaipur (Rajasthan), Guwahati (Assam), and Sandila (Uttar Pradesh), dedicated to the production and processing of infrastructure materials and specialized construction products. A modern Fabrication and Galvanization facility in Ahmedabad (Gujarat) specializes structural, transmission and safety-related infrastructure components.

CAPABILITIES

HUMAN CAPITAL

~10,000 highly skilled, experienced and committed employees

BACKWARD INTEGRATION

Manufacturing of key components, and its integration in the construction process resulting in high quality with less investment

IN-HOUSE DESIGN

Complete design solution for complex projects

CONSTRUCTION AUTOMATION

Integration of technology at each stage of construction to ensure precision with quality

QUALITY AND SAFETY

ISO 45001, ISO 14001, ISO 9001 and ISO 27001 Certified

FINANCIAL DISCIPLINE

Strict oversight on costs by creating an ownership mind-set and good governance

DIGITAL PROJECT MANAGEMENT

Streamlined process of planning, delegating, tracking, reviewing and measuring results to ensure timely execution, efficiency, quality, and profitability

PLANT & EQUIPMENT

~7200 machines and equipment. fleet that produces best results.

INTEGRATED LOGISTICAL SUPPORT

To enhance effectiveness of goods movement and ensure smooth movement for all interdependent activities

FINANCIAL RATING

CRISIL AA/ CARE AA+ (Outlook Stable)

ESG

ENVIRONMENT

- 87.49% waste recycled & reused.
- 54,538 KL wastewater treated.
- 1,82,500 liters diesel saved.
- 28% reduction in freshwater consumption.
- 4,50,000+ tree planted.

SOCIAL

- 100% sourcing within India.
- Approx 2000 training & awareness programmes.
- 19.74 crore CSR expenditure.

GOVERNANCE

- Well-structured Board of 8 Directors, including 5 Independent Directors, with deep industry expertise and strategic leadership.
- 7 Board Committees drive business excellence.
- Well-defined ethical and transparent governance framework.
