## G R INFRAPROJECTS LIMITED

Backed by three decades of excellence and successful family business enterprise, G R Infraprojects Limited (GRIL) was incorporated in 1995. Our principal business of civil construction includes EPC (Engineering Procurement and Construction), BOT (Build Operate Transfer) and HAM (Hybrid Annuity Mode) projects in the road sector and EPC projects in railway, metro, tunnelling, airport, runways and OFC (Optical Fiber Cable). We have also diversified into power infrastructure development, ropeways and building sector.

The projects that we deliver on an EPC basis, the scope of services typically includes design and engineering of the project, procurement of raw materials and equipment, project execution at site with overall project management up to the commissioning of these projects. In addition, we also undertake operations, repair, and maintenance of projects in accordance with our contractual arrangements for the concession period.

*"Our values, people, and execution capabilities have been the cornerstones of our success. We continue to grow and expand into new segments with nation building and social responsibility at the heart of our ideology."*

**- VINOD KUMAR AGARWAL**  
Chairman and Whole-Time Director

### VALUE

**Care and Commitment** –We have an unwavering focus on the well-being of our employees and stakeholders.

**Being Responsible** –We deliver quality, safety, and trust in all our endeavors.

**Connected to Roots** –Being humble in our intellect and interactions is a way of our life.

**Being agile** –We adapt quickly, and we adapt well

### VISION

To leave **Indian footprints in global infrastructure industry** backed by world-class performance and operational excellence.

To build its position among the **most admired infrastructure companies** in India.

Become a **best-in-class service provider globally**.

### MISSION

**Maintain high standards** of precision, quality and punctuality.

**Preserving nature and enriching life** of public at large.

**Setting new benchmarks** of resource utilization and efficiency.

Revenues of INR 200,000 Mn (~USD 2580 Mn) by 2025.

Focus on being a **socially responsible** organization.

# OUR BUSINESS

## HIGHWAYS & BRIDGES

GRIL is one of the leading players in the road construction sector. We have decades of strong project execution experience in EPC, BOT and HAM projects, comprising design and engineering, procurement, construction and development of state and national highways, bridges, culverts, flyovers, airport runways, tunnels, and rail over-bridges. We have executed projects across diverse geographic locations in India with varying complexities, such as construction in high-traffic and high-density areas, construction of tunnels in hilly terrains, etc.

## RAILWAYS & METRO

GRIL has emerged as one of the known integrated players in the Railway EPC industry. We offer the entire range of services on a turnkey basis in railway infrastructure projects. Our services include - (i) Development of civil infrastructure, including earthworks, bridges, station buildings and facilities. (ii) New track laying & rehabilitation of existing tracks. (iii) Railway electrification and power systems. (iv) Signaling & Telecommunication. In a short span of time, GRIL has established itself as a preferred contractor for the construction of Metro Projects as well.

## TUNNELLING

G R Infraprojects Limited has ventured into the Tunnel business on a self-performing basis. The Company focuses on the construction of tunnels in hydropower, railways, metro rail, roads, and highways in India. After China, India is the second largest country which has an extensive plan for tunnel infrastructure development. With just 14% underground space utilization for tunnels so far in India, there is plenty of opportunity in this sector for the next three decades.

## POWER INFRASTRUCTURE

GRIL has made a strategic move to carve out its presence in the Power Transmission & Distribution sector. Our objective is to provide end-to-end solutions ranging from in-house design, engineering, procurement, fabrication, erection, installation, commissioning of power transmission lines, and sub-station, distribution and operations and maintenance per the contractual requirement

## ROPEWAYS

We have ventured into the ropeways sector. The government plans to invest heavily in this sector and we are ready to prove our prowess in this sector. Our vision is to build a position among the most admired Ropeway infrastructure companies in India and to emerge as a world-class Ropeway developer by maintaining highest standards of precision, quality, and punctuality with a focus on being a socially responsible organization by aligning with the global ESG goals.

## MANUFACTURING

We have multiple manufacturing facilities across the country for processing of bitumen emulsion, thermoplastic road-marking paint, road signage boards, fabrication and galvanization unit for metal crash barriers, and OHE Mast.

# CAPABILITIES

## HUMAN CAPITAL

17500 + highly skilled, experienced and committed employees

## BACKWARD INTEGRATION

Manufacturing of key components, and its integration in the construction process resulting in high quality with less investment

## IN-HOUSE DESIGN

Complete design solution for complex projects

## CONSTRUCTION AUTOMATION

Integration of technology at each stage of construction to ensure precision with quality

## QUALITY AND SAFETY

ISO 45001, ISO 14001, ISO 9001 Certified

## FINANCIAL DISCIPLINE

Strict oversight on costs by creating an ownership mind-set and good governance

## DIGITAL PROJECT MANAGEMENT

Streamlined process of planning, delegating, tracking, reviewing and measuring results to ensure timely execution, efficiency, quality, and profitability

## PLANT & EQUIPMENT

8000+ machines and equipment. Fleet that produces best results.

## INTEGRATED LOGISTICAL SUPPORT

To enhance effectiveness of goods movement and ensure smooth run for all interdependent activities

## FINANCIAL RATING

CRISIL AA / CARE AA (Outlook Stable)
