

G R Infraprojects Limited

Engineering India's Next Chapter

FROM BUILDING ROADS TO BUILDING THE NATION

For over three decades, G R Infraprojects Limited has been shaping India's future. What began as a road construction company in 1995 has evolved into a diversified infrastructure leader, delivering complex projects across transportation, energy, logistics, telecommunications and critical heavy civil sectors.

Ajendra Kumar Agarwal

Chairman & Managing Director, G R Infraprojects Limited

Our journey has been guided by a clear and enduring belief: Infrastructure is the foundation of progress. We have always remained steadfast in this commitment, while strategically expanding across sectors. Our focus remains on building systems that keep India moving, today and for generations to come.

WHAT POWERS OUR PROGRESS

Our Purpose Anchored in Excellence

To leave Indian footprints in the Infrastructure industry, backed by best-in-class performance and operational excellence, while building our position among the most admired infrastructure companies in India and becoming a best-in-class service provider.

Our Commitment to Delivering Impact

We uphold high standards of precision, quality, and punctuality while remaining a socially responsible organisation. We are dedicated to preserving nature and enriching the lives of the public at large, with sustainability, social responsibility, and governance embedded across all operations, while continuously setting new benchmarks in resource utilisation and efficiency.

PRINCIPLES WE STAND BY

Care and Commitment

We have an unwavering focus on the well-being of our employees and stakeholders.

Being Responsible

We deliver quality, safety and trust in all our endeavours.

Connected to Roots

Being humble in our intellect and interactions is a way of life for us.

Being Agile

We adapt quickly and well.

THE FULL SPECTRUM OF OUR CAPABILITIES

HUMAN CAPITAL

10,000 skilled professionals driving execution excellence

EQUIPMENT

7,200 plants and machines enabling operations at scale

IN-HOUSE DESIGN

End-to-end design solutions for complex infrastructure projects

BACKWARD INTEGRATION

In-house manufacturing of key components for enhanced quality

DIGITAL PROJECT MANAGEMENT

Streamlined planning, execution and monitoring

CONSTRUCTION AUTOMATION

Technology integration across all construction stages

INTEGRATED LOGISTICS

Seamless coordination of material movement across project lifecycles

QUALITY AND SAFETY

ISO 45001, ISO 14001, ISO 9001 and ISO 27001 certified

FINANCIAL GOVERNANCE

Strong cost discipline driven by an ownership mindset

CREDIT STRENGTH

CRISIL AA / CARE AA+ (Outlook Stable)

OUR DIVERSE SECTORS

➤ TRANSPORTATION INFRASTRUCTURE

Highways, bridges, railways, and metro projects across varied terrains, including earthworks, electrification, track laying, signalling, way-side amenities and station development

➤ HYDRO & TUNNELLING

Large-scale hydro and tunnelling projects in complex terrains, enabled by advanced equipment and specialised engineering.

➤ POWER TRANSMISSION AND DISTRIBUTION

End-to-end execution of transmission lines and substations, including design, installation, commissioning, operations and maintenance.

➤ ROPEWAY

Ropeway infrastructure development for urban mobility and tourism aligned with global standards of precision, safety and sustainability.

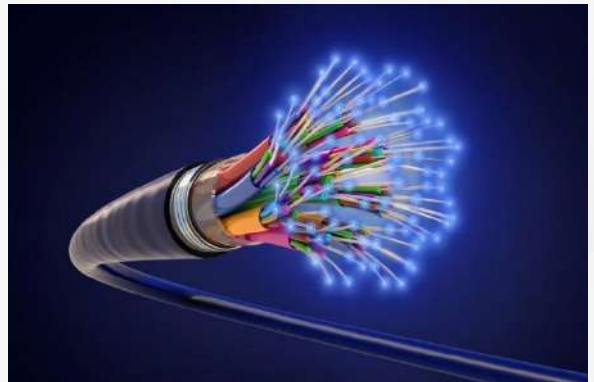

➤ LOGISTICS INFRASTRUCTURE

Integrated road-rail solutions improving cargo efficiency through strong execution, advanced technology and project management.

➤ TELECOM & IT INFRASTRUCTURE

End-to-end telecom solutions including fibre rollout, FTTx and network operations supporting 5G, Smart Cities and BharatNet.

➤ MANUFACTURING & FABRICATION

Advance facilities producing infrastructure materials and fabricated components across multiple strategic locations.

➤ OIL & GAS

Integrated upstream & midstream solutions, our expertise includes the procurement, transportation, installation, and commissioning of subsea line pipes, as well as pipeline modification and replacement works.

150+

completed projects.
